

32nd Int. Home Care & Rehabilitation Exhibition 2005

Comprehensive Exhibition With World's Latest Home Care & Rehabilitation Equipment 629 Exhibitors From 16 Countries & 1 Territory

Exhibitors and related organizations from various industries will come together from overseas and throughout Japan to present a comprehensive array of home care and rehabilitation equipment ranging from hand made daily living aids to cars for the physically challenged with the latest cutting edge technology, and related information. Such equipment and information will support the independence and care of the elderly and physically challenged.

Home care and rehabilitation equipment users; social welfare and care services providers; exhibitors involved in product development, manufacturing, and distributing; people of all backgrounds will come together from throughout Japan to have meaningful interchanges through the exhibition of a wide spectrum of home care and rehabilitation equipment.

Easy to Understand Zones

At H.C.R. 2005, more than 25,000 home care and rehabilitation equipment will be displayed within the six halls and will be categorized into different zones according to the type of equipment. As the exhibition site will cover a vast area of 50,000 m², we would like to suggest that visitors confirm the zones of the products they are interested in seeing before coming to the exhibition.

No admission is charged, however, visitors are required to register at the exhibition site. We look forward to everyone's visit to this year's H.C.R. 2005.
