

## Exhibitor's Workshops/Seminars

Exhibitors and related organizations held training seminars, introduced their products, and so forth by holding 71 workshops and company seminars on home care and rehabilitation equipment. The total number of participants for both programs was 2,961 persons: 1,622 persons for the 27 workshops and 1,339 persons for the 44 company seminars. The

contents of the workshops and seminars ranged from selection methods of equipment and specific instructions on care methods, to the Revised Long-Term Care Insurance and state-of-the-art technology such as IT technology.
